

# THE SCIENTIFIC REPORTS OF THE KYOTO PREFECTURAL UNIVERSITY AGRICULTURE NO. 23

## Contents

### Agriculture

- Studies on the improvements by means of breeding of the genus *Coix*. XIV.  
On the productivity of improved variety of the genus *Coix* in  
direct sowing culture. ....M. MURAKAMI, T. TAKAYA and K. HARADA..... 1
- Studies on the control of alternate bearing in kaki trees. II.  
Changes of the nitrogen, carbohydrate and nucleic acid contents of  
leaves in the preformation and the postformation of the flower buds.  
.....Y. SOBAJIMA, M. ISHIDA, K. NAKAO and M. ARAKI .....10
- Seasonal changes in the concentration of sugars and organic acids  
in peach fruits.....M. ISHIDA, A. INABA and Y. SOBAJIMA.....18
- Seasonal changes in the major components of kaki fruits.  
.....A. INABA, Y. SOBAJIMA and M. ISHIDA.....24
- The difference of *Brassica Rapa* LINN. var. *neosuguki* KITAMURA strain  
from the morphological point of view. II.  
.....S. TAKASHIMA and M. NARITA.....29
- Chlamydospore formation of *Phytophthora porri* FOISTER.  
.....K. KATSURA and S. MAEDA.....34
- Application of antibiotic substances for the study on the  
sporulation mechanism of *Phytophthora capsici* LEON.  
.....H. MASAGO and K. KATSURA.....39
- Zoospores of *Phytophthora capsici* and their flagella.  
.....Y. MIYATA, S. AKAI, K. KATSURA and N. ISHIDA.....46
- Studies on the Oriental and Pacific Clusiide (Diptera) Part 2.  
.....M. SASAKAWA.....50
- Comparison of artificial anus technique and method of chemical  
separation in digestibility studies of fowl.  
.....Y. KUNIMATSU, A. KOMATSU, N. KOBAYASHI and Y. ARIMOTO.....64

### Forestry

- Seasonal changes in respiratory rates of cultivated cuttings of  
*Cryptomeria japonica* after root initiation.....M. TOKUOKA.....71

The diffusion of solute through wood saturated with water. III.	
(2) Effects of thickness of test specimen on the diffusion of electrolytes in the transverse directions of wood. ....	M. FUKUYAMA.....78
Stress relaxation of wood treated with the formaldehyde in bending and in torsion during adsorption of water vapor.	
.....	H. URAKAMI .....88
Studies on the wettability of wood. VII.	
The heat of wetting of wood in water. (2).	
.....	H. KADITA and J. MUKUDAI... 100
Studies on the cellulose productivity of AKAMATSU ( <i>Pinus densiflora</i> S. et Z.) stand. (V).	
On the standard contents and the total contents of cellulose in single tree. ....	T. SENOO... 105

### Agricultural Chemistry

Studies on $\kappa$ -Casein of Bovine Milk. I.	
Purity of $\kappa$ -casein prepared by several different methods.	
.....	M. MIYOSHI, F. IBUKI, and M. KANAMORI... 114
Studies on $\kappa$ -Casein of Bovine Milk. II.	
Heterogeneity of $\kappa$ -casein. ....	M. MIYOSHI, F. IBUKI, and M. KANAMORI... 120
Studies on $\kappa$ -Casein of Bovine Milk. III.	
Some properties of $\kappa$ -casein and its complex.	
.....	M. MIYOSHI, F. IBUKI and M. KANAMORI... 128
Studies on $\kappa$ -Casein of Bovine Milk. IV.	
The binding of calcium to $\alpha_s$ -, and $\kappa$ -caseins.	
.....	M. MIYOSHI, F. IBUKI and M. KANAMORI... 135
Studies on $\kappa$ -Casein of Bovine Milk. V.	
Chemical modification of $\kappa$ -casein.	
.....	M. MIYOSHI, F. IBUKI and M. KANAMORI... 145
Studies on $\kappa$ -Casein of Bovine Milk. VI.	
Reduced components and the $\kappa$ -casein stabilizing ability of succinylated $\kappa$ -casein. ....	M. MIYOSHI, F. IBUKI and M. KANAMORI... 155
Halophilic Lactic Acid Bacteria in Fermentation Food Making. IV.	
Nutrient requirement of lactic acid bacteria and yeasts in suguki making. ....	M. IWAI, H. IMAHARA and T. NAKAHAMA... 163
Studies on Complexes of Amylose and Cyclodextrins with Organic Compounds.	
Complexation of amylose and cyclodextrins and X-ray diffraction of the crystalline complexes. ....	K. TAKEO ... 168
